

Project: eCommerce website

User Story: Password Recovery

As a user who forgot my password, I want to recover my password via email, So that I can regain access to my account

Acceptance Criteria:

- The login page should include a "Forgot Password" link.
- Clicking on the "Forgot Password" link should redirect the user to a password recovery page.
- The system should send a password recovery email with a reset link.
- The password recovery email should include a secure, one-time-use link that directs the user to a password reset page.
- The password reset link should expire after 24 hours
- The password reset page should prompt the user to enter and confirm a new password.
- Upon successful password reset, the user should be redirected to the login page with a success message.
